OF PLASTIC SURGEONS

Welcome to Bosshardt & Marzek Plastic Surgery Associates

We want to tell you how much we look forward to your visit. We are proud of our practice, which we believe is second to none in terms of service in all of Central Florida.

Drs. Bosshardt & Marzek are both certified by the American Board of Plastic Surgery, and have more than 30 years of experience between them in the field of plastic surgery. Our ambulatory surgery suite is unique in Central Florida, in meeting both state and federal standards for licensure and accreditation.

Our doctors perform both cosmetic and reconstructive plastic surgery. In addition to cosmetic procedures such as facelift, eye rejuvenation, breast lift and augmentation, body contouring and LifeSculpt laser assisted liposuction, among others; they perform reconstructive surgery such as skin cancer removal, elective and emergency hand surgery, repair of complex lacerations of the face and body, burn care, reconstruction following breast cancer, and much more. You can see that plastic surgery is one of the broadest of all surgical specialties, and why the training and surgical experience of your doctor is so important!

In addition to the many surgical procedures performed by the doctors, our practice offers Botox, fillers such as Juvederm and Radiesse, Palomar StarLux laser or pulsed CO2 laser and chemical peels, to alleviate moderate to deep facial wrinkling, stretch marks, scars, and abnormal pigmentation.

Your welcome packet includes a brochure, which profiles the doctors and the practice. For more information visit www.bosshardtandmarzek.com.

If you find that you are unable to keep your appointment for any reason, please call us at 352-742-0079 and let us know. By doing this, we can reschedule you for a future date and make your unused time available to other patients. If you are running more than 15 minutes late, please advise us; it may be necessary to reschedule your appointment. The doctors try to be as punctual as possible and want to give you as much time as needed for your consultation. Please understand that the very nature of Plastic Surgery often deals with emergencies, and at times we may run behind on our scheduled appointments, if emergencies must be addressed.

Finally, there is a map enclosed that will direct you to our office which is located right off US Highway 441 in Tavares. We are in the Lakeside Medical building on Lake Juniata, located across Highway 441 from the Southwest corner of the Florida Hospital Waterman campus. We are the big building with the green roof, so you can't miss us!

See you soon,

Amy Jensen
Patient Care Coordinator
